CAD

Drafting / Modelling

ATI ENGINEERING SOLUTIONS provides you with a reliable, accurate and cost-effective outsourced drafting and modeling service. ATI offers services for multi-disciplinary drafting in both 2D and 3D for architects, engineers, contractors, product manufacturers, civil and mapping specialists.

Our team can provide drawings in DGN, DWG, and other common CAD formats from 2D mark-ups, sketches, or physical 3D models/prototypes. We can even align the drawing to your CAD standards; incorporate your own title block, borders, logos, etc. We specialize in attending to mark-ups and as-built amendments.

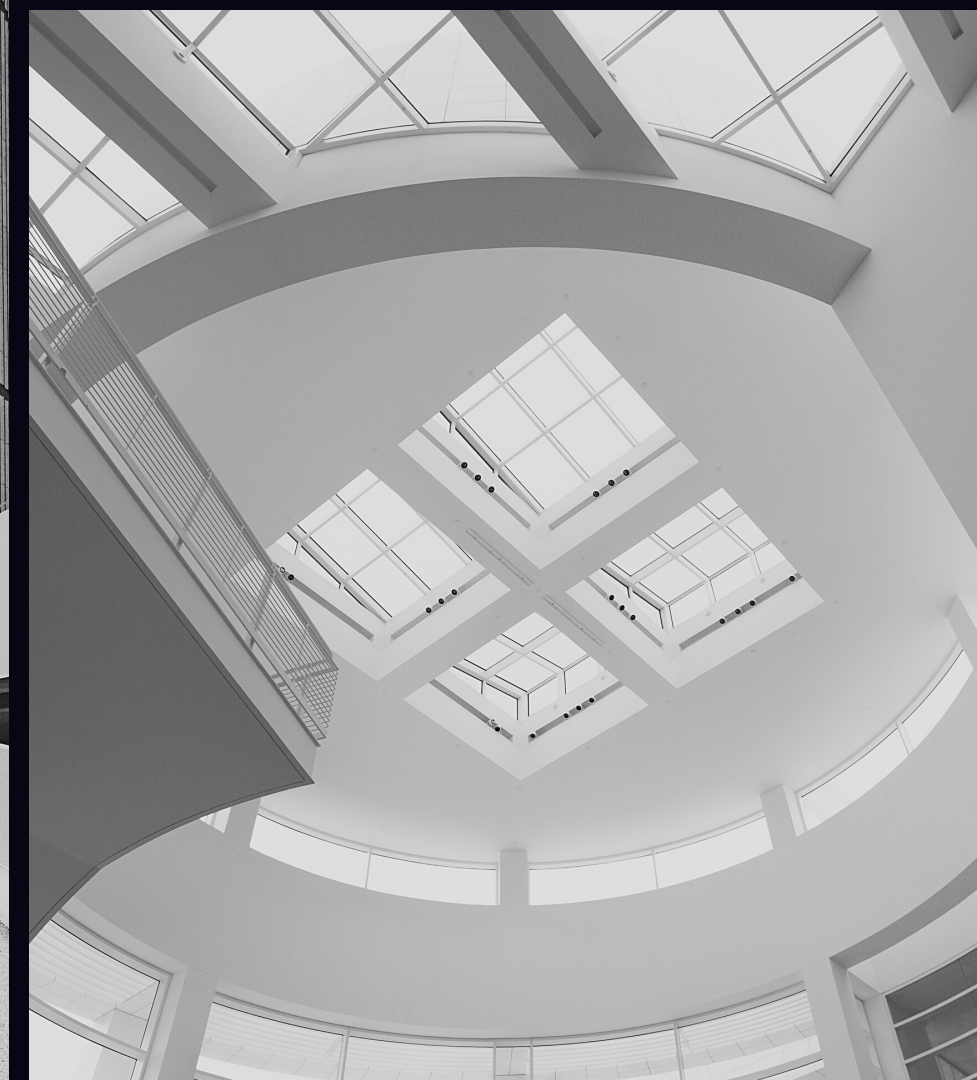

Knowledge

We truly believe that Knowledge is Power and assimilate latest industry trends and best practices to deliver our services.

Integrity

We ardently adhere to Integrity and Transparency as uncompromising values in all our dealings.

Our Commitment to You

Using state-of-the-art processes and systems, we promise to deliver a reliable service that meets the highest possible quality standards at a cost-effective price.

Trusted Partnership

We strive to be regarded as the most trusted partner by our clients and candidates. This motto is imbibed in our approach, processes & people.

Responsibility

We responsibly place our client's & candidates interests above all by pooling our skills and resources.
